ERA OF SPEECHMAKING

The Week in the Senate Will Likely Be Consumed by Orators.

PHILIPPINE QUESTION TO BE AIRE.

Some of the Senators May Reply to Aldrich's Speech on the Financial Bill if Time Is Offered.

Washington, Jan. 8.—The week in the senate necessarily will be given up largely to speechmaking, and beginning Monday Senator Pettigrew's resolution asking for information concerning the Philippine war will come up, and he and probably other senators will speak upon it. This will occur during the morning hour. Senator Morgan has given notice of a speech on Monday in which he will discuss the race question in the south. If any time is left that day it will be devoted to the continuation of the discussion of the financial bill, some of the senators in the opposition replying to Mr. Aldrich. Tuesday Senator Beveridge will deliver his speech on the Philippine problem, and Wednesday will be devoted to eulogies of the late Vice President Hobart. The greater part of the remainder of the week will be devoted to the finances, the object of the managers of the financial bill being to give as much time as possible to this measure until it is acted upon. It is now understood that almost all the senators opposed to the bill will talk upon it before the vote is taken, but there has not yet been any arrangement of the order in which they will address the senate.

Outlook in House.

Washington, Jan. 8.—There is no program in the house for the present week. The only certain feature is the consideration of the urgent deficiency appropriation bill. It will be ready Tuesday or Wednesday. It will contain almost \$50,000,000 for the army and navy, and while it will pass when it reaches a vote, it may precipitate a stormy debate upon the conduct of the war in the Philippines.

Branded as an Invention.

Washington, Jan. 8.—The statements credited to the London Spectator regarding Germany and the Monroe doctrine caused some comment in diplomatic circles here. Officials of the German embassy say they lament the appearance of such statements, and declare they are published with a view of creating a distrust of Germany's real attitude toward the American nation. Ambassador von Holleben, when shown the article, declared that it was without foundation in fact, and was a pure invention from start to finish.

Anglo-German Agreement.

Lisbon, Jan. 8.—A semi-official note to the press regarding the Anglo-German agreement has just been issued. It is as follows: The British and German governments, having previously reached an agreement between themselves, informs Portugal, in the event of her contracting a large loan for the purpose of reorganizing her finances, the two governments were disposed to guarantee the success of the operation. At the same time the governments of Great Britain and Germany assured Portugal that this basis of agreement between them was the recognition of the integrity of the Portuguese colonial dominions. The Portuguese government declared that it had no need of such a loan.

Germany's Rival.

London, Jan. 8.—The Spectator publishes an article entitled "Germany and the Monroe Doctrine," in which it says: "America and not England is the rival in German dominion. It is with America and not England that Germany realizes she must struggle for supremacy. We do not say for a moment that Germany regards America as an enemy, but Germany realizes it is America that at this moment lies across Germany's path." The Spectator then goes on to declare that Germany's objective is South America, but that the Monroe doctrine bars her way.

Butte, Mon., Jan. 8.—The large warehouse of the Hennessey Mercantile company was destroyed by fire. Loss on building \$12,000, fully covered by insurance. Loss on stock between \$40,000 and \$45,000; insurance, \$20,000. Cause unknown.

Cotton For Japan.

New Orleans, Jan. 8.—The Norwegian steamer Ansgar, Captain Amundsen, has cleared and will sail in a day or two for Kobe, Japan, with a cargo of 12,000 bales of cotton. This is the third steamer hence this season for Japan direct.

OUT OF COURT.

Kentucky Bribery Charges Will Be Tried in State Senate.

Frankfort, Ky., Jan. 8.—Information citing John J. Whallen and Charles Ryan to appear before the state senate on a statutory proceeding charging them with contempt in attempting to bribe Senator Harrell, was jointly filed by Senators Thomas and Crenshaw.

The penalty upon conviction is a fine of \$15,000, confinement in jail during the session of the legislature, and forfeiture of suffrage. A similar charge will be filed in the house, and a joint committee to investigate the charge is asked.

Senator Barrett (R.) moved an amendment to investigate whether Senator Harrell or any other member promised to vote on the contests or other questions before the senate, in consideration of promises of appointments to office for himself or other persons. The resolution providing for the investigating committee, and with the amendment included, was adopted unanimously.

Senator Howard (R.) offered a resolution for a special committee to investigate Senator Harrell. In support of the resolution, he said that if the charge of agreeing to accept a bribe is proved, Harrell is ineligible to a seat in the senate, and is no gentleman. He asked that a nonpartisan committee be appointed, so that Harrell might be vindicated if he is innocent, and not whitewashed by a committee created for that purpose.

Senator Carter (D.) said the resolution already adopted providing for the Whallen-Ryan investigation carried with it an investigation of Harrell. The point of order was made that in order to investigate Harrell separately, formal charges must be filed as in the case of Whallen, and Howard withdrew his resolution.

Injunction Granted.

Frankfort, Ky., Jan. 8.—Judge Cantrell entered an order granting the injunction prayed for by Election Commissioners Poyntz and Fulton, restraining Mackey and Cochran, Governor Taylor's appointees, from qualifying and acting. The court, after granting the injunction, entered an order setting it aside and giving the right to appeal, stating that he thought the case was of such importance that it should be passed on by the court of last resort. This gives the Democratic commissioners the selection of the judge before whom the case shall be heard in the court of appeals.

Goebel Will Be In.

Chicago, Jan. 8.—Urey Woodson of Kentucky, national Democratic committeeman from that state and a member of the ways and means committee, who came to Chicago to attend the Jackson banquet, said: "Mr. Goebel will be in possession of the governor's office between Jan. 25 and Feb. 1. Senator Blackburn, and not Mr. Goebel, is the man who insisted on carrying the contest up to the legislature."

Farewell Luncheon.

Chicago, Jan. 8.—Manager J. G. Johnson of the Democratic national committee gave a farewell luncheon at the Sherman house in honor of Sam B. Cook of the ways and means committee. Mr. Cook left for Missouri to look after his canvas for secretary of state, after a year's work for the national committee, with Chicago as his headquarters. Among those present at the luncheon were: William Jennings Bryan, former Governor Altgeld of Illinois; Urey Woodson of Kentucky, member of the national committee; Cato Sells of Iowa and Willis J. Abbott of the Democratic national press bureau. Mayor Harrison was absent. W. J. Bryan and Willis J. Abbott left for Omaha, Neb., where both will speak at the banquet of the Jacksonian club of that city.

Indorsed by Harrison.

Atlanta, Jan. 8.—The movement looking to the establishment of a national military park on ground made historic by the battle of Atlanta and other engagements in this vicinity during the civil war has been given an impetus by the receipt of letters from many prominent northerners indorsing the plan. Ex-President Harrison writes: "The military incidents connected with the investment and ultimate capture of Atlanta are certainly worthy of commemoration, and I should be glad to see your project succeed." During the Atlanta campaign General Harrison was colonel commanding the First brigade, Third division, of the Twentieth army corps.

Attorney Stallo Dead.

Cincinnati, Jan. 8.—A cablegram from Rome, Italy, announces the death at that city of J. B. Stallo, a prominent attorney of Cincinnati. Mr. Stallo was formerly minister for the United States at Rome, and for the past few years has made that his residence.

DR. M'GLYNN'S DEATH.

Well Known Prelate in Catholic Circles Called to His Reward.

REALIZED THE END WAS AT HAND.

The Cause of the Famous Priest's Death Was Heart Failure, Superinduced by an Attack of Bright's Disease.

Newburg, N. Y., Jan. 8.—Rev. Dr. Edward McGlynn, 62, rector of St. Mary's church, died at the rectory at 5:20 p. m., after an illness of about seven weeks, of heart failure, superinduced by Bright's disease.

A minor surgical operation was performed on Dr. McGlynn last night, but this did not affect the patient or contribute materially to his death. During the night Dr. McGlynn had several sinking spells, and the physicians were called early to his bedside, where they remained until he died. At noon it was apparent that the end was near, and Dr. McGlynn received Holy Communion from the assistant rector of St. Mary's, who later administered extreme unction. After high mass in the morning Dr. McGlynn was anointed. All efforts toward prolonging life were made by the physicians, but at 4 o'clock the priest lapsed into unconsciousness, his last audible prayer being: "Jesus, have mercy on me." He passed away without recovering consciousness.

For two days past Dr. McGlynn had been troubled with hiccoughs, but was able to take liquid nourishment to the last. Dr. McGlynn was aware that death was near, receiving the word tranquilly.

TORTURED BY FILIPINOS

Were a Quintet of American Soldiers Held as Prisoners of War.

Washington, Jan. 8.—The war department received the following cablegram from General Otis at Manila: "American prisoners are now en route from Vigan. Captain Gilmore is among the number."

Manilla, Jan. 8.—Advices from Magalang, province of Pampanga, report that Captain Conhauser, with three companies of the Twenty-fifth regiment, captured the insurgent stronghold Comanche, on Mount Arayat. Three Americans were wounded, but the enemy's loss is not known. Three members of the Ninth and two of the Twelfth regiment, whom the insurgents held as prisoners, were shot and horribly mutilated. Three of them are dead and the other two are recovering. Captain Conhauser set fire to the barracks and the town.

Rescued Prisoners Arrive.

Washington, Jan. 8.—The navy department received the following cablegram from Admiral Watson at Manila: "Gilmore, Walton, Vandolt, Ellsworth, Brisolet, Anderson, Peterson, Edwards, arrived. Also Farley, Burke and Herbert of Urdaneta. Only Venville unaccounted for. Last seen Balera, June 15. Brutus towing disabled transport Victoria."

More Fighting in Clay County.

London, Ky., Jan. 8.—News reached here of a general fight on Otter creek, Clay county, in which Lige Lewis and Gene May were shot and killed, and four other participants seriously wounded. The fight occurred in a school house on Otter creek, where one of the Jacksons was on trial before a magistrate for killing another Jackson. The fight was started soon after the trial began, and court was adjourned, and the fight carried on before the school and in the yard. Four of the men were brought to Manchester and placed in jail. Lige Lewis, one of the men killed, is a brother of ex-Sheriff Joe Lewis of Clay county.

Diphtheria Was Victor.

Pittsburg, Pa., Jan. 8.—Diphtheria and Christian Science have had a bitter battle in a New Brighton family for the past two weeks. Diphtheria has won so far. Two children are dead, while a third child and the father are dangerously ill with the same disease. Frank Martzoff and his wife have been believers in Christian Science for three years, and so confirmed in the doctrine are they that they have seen their two little ones die of malignant diphtheria, and were willing to see their remaining child perish rather than take her case "out of the hands of the Lord." Not until forced to do so by the health authorities would the parents permit a physician in the house.

Norwalk, O., Jan. 8. The large barn and sheds at the county infirmary were totally destroyed by fire, with the entire contents, including 1,200 bushels of oats, 600 tons of hay and 1,000 bushels of wheat. Loss, about \$4,000.

THREE PERISHED.

Another Fatal Tenement House Fire in New York.

New York, Jan. 8.—Three lives were lost and seven persons injured in a tenement house fire on East Ninety-second street.

The dead: Mrs. Mary Sutherly, a widow; Frank Sutherly, 9; James Sutherly, 22.

The fire started in the cellar. A policeman did good work in getting tenants out. Harry Sutherly was found lying unconscious in the hallway on the second floor. He had inhaled flames and will probably die. Scaling and extension ladders were raised by the firemen, and a number of women and children who had collected on the fire escape in front of the building were safely carried down.

Court-martial Trial.

Washington, Jan. 8.—A general court-martial met at Washington barracks for the trial of Captain Robert W. Shufeldt, United States army, retired, on the charge of conduct unbecoming an officer and a gentleman. The courts of Maryland granted the petition of the wife of Captain Shufeldt for divorce and alimony. It is represented that in order to evade this judgment, Captain Shufeldt changed his residence to the District of Columbia, where he was subsequently declared bankrupt. His wife appealed to the war department.

Claims to Be His Wife.

New York, Jan. 8.—Alfred Morrison, the teacher of languages at Mount Vernon, who, on Dec. 23, while, as alleged, in a somnambulistic state, shot and fatally wounded his wife, is claimed as husband by a woman known as Lillie Gordon. The woman asserts that Morrison married her under the name of Gordon in November, 1882, that he and she ceased to live together in March, 1888, but that for a long time after that he visited her about once a week, the last time about six weeks ago.

Mexico May Save His Neck.

San Quentin, Cal., Jan. 8.—Yabel Molina, who is to be hanged next Friday, may escape the gallows through the intervention of the Mexican government. Molina was convicted of murdering a companion in 1897. He appealed to the supreme court, which affirmed the judgment. Molina claimed that as he had no money he was not given a fair chance. The Mexican ambassador in Washington has taken up the case.

Monitor to Be Rejuvenated.

Philadelphia, Jan. 8.—The survey board, which has been conducting an examination of the double-turreted Miantonomoh, now at the League Island navy yard, with a view to again placing the vessel in commission for coast defense work in Cuban waters, has completed its work. It was found that \$450,000 would be required to place the monitor in proper condition. The board will, it is believed, recommend the sale of the vessel.

Burial Service Modified.

Indianapolis, Jan. 8.—There is an important conference of high officers of the Knights of Pythias here. These men constitute a special committee to revise and modify several laws of the uniform rank of the Knights of Pythias supreme lodge. The burial service will be greatly modified. The work of the committee will be submitted to the supreme lodge meeting in Detroit, Mich., next August for approval.

British Vessels in Collision.

London, Jan. 8.—The British steamer Glasgow, Captain Leslie, which sailed from Buenos Ayres Dec. 2, for Hamburg, has been sunk off Dungeness, in Dover strait, having been in collision with the British steamer Ormuz, Captain Veale, bound from Sydney, New South Wales, for London. The passengers and crew of the Glasgow have been landed at Dover. The Ormuz sustained no damage.

To Go to Paris.

Atlanta, Jan. 8.—Governor Candler has appointed J. Lindsay Johnson of Rome, J. W. English, Jr., of Atlanta, Seaton Gartland of Spaulding county, B. A. Denmark of Chatham and Colonel C. S. Webb of Clarke as commissioners from the state of Georgia to the Paris exposition. The commission was created by a recent act of the Georgia legislature.

Dr. Fee Is Recovering.

Richmond, Ky., Jan. 8.—The reports sent out last week that Rev. John G. Fee, the founder of Berea college and the noted abolitionist, was dead, were not correct. Dr. Fee is recovering. Many floral tributes were sent to Berea, thinking the noted divine was dead.

Death of Thomas Conway.

Silver City, N. M., Jan. 8.—Thomas F. Conway, 65, a prominent attorney in the territory, died here.

BACKSET FOR BRITISH.

Portion of the Suffolk Regiment Falls Into the Enemy's Hands.

OTHER NEWS FROM SOUTH AFRICA.

Latest Advices to War Department at London Show That the Boers Are Pressing English Under White.

London, Jan. 8.—General French reports a "serious accident" to the First Suffolk regiment. Four companies of the regiment attacked a Boer position. Lieutenant Colonel Watson, in command, was wounded, and a retreat was ordered. Three quarters of the British reached their camp, but the others were overpowered and compelled to surrender. Seventy were taken prisoners, including seven officers.

News From Buller.

London, Jan. 8.—General Buller has wired the war office the following, dated Jan. 6, from Frere Camp: "The following message received from General White at 1 p. m. today: 'Jan. 6, 11 a. m.; attack continues and enemy has been reinforced from the south.' The following was received at 4 p. m. from General White: 'Have beaten enemy off at present, but they are still around me in great numbers, especially to the south, and I think renewed attack very probable.' The sun has failed, and I can not get further information from Ladysmith until it rises."

Garrison Surrenders.

Pretoria, Jan. 8.—Field Cornet Visser, under date of Tuesday, Jan. 2, reports as follows from Kuruman, British Bechuanaland: "I commenced a bombardment of Kuruman Monday, aiming at the police barracks. The fight lasted until six in the evening, when the garrison surrendered, issuing from the forts and yielding up arms. We took 120 prisoners, including Captain Baton and Captain Denison, Mr. Hillyard, the magistrate, and eight other officers. We also captured 70 natives, together with a number of rifles and revolvers and a quantity of ammunition."

Wessels Will Return.

Chicago, Jan. 8.—Dan J. Wessels, a brother of General Cornelius Wessels, the commander of the Boer forces besieging Kimberley, and cousin of President Steyn of the Orange Free State, said in an interview in Chicago: "I expect to get back in time to have plenty of fighting. I am convinced the war will last at least another year, and while the Boers will probably be crushed, provided there is no foreign intervention, there is certain to be a protracted period of guerrilla warfare, for the Boers will fight to the last extremity."

Another Message From Buller.

London, Jan. 8.—General Buller sends the following from Frere camp: "This from White, dated Saturday, 3:15 p. m.: 'Attack renewed. Very hard pressed.' I have absolutely no more news, and there is no sun. There is a camp rumor that White defeated the enemy at 5 p. m. and took 400 prisoners. I sent all available troops to make a demonstration at Colenso. Trenches were all occupied by the enemy."

British Compelled to Retreat.

Lourenço Marques, Jan. 8.—A dispatch from the Boer headquarters near Dordrecht says: "The British have been compelled to retreat from Dordrecht. Fighting continues around Colesberg, where the British occupy some of the outside kopjes. Bullets are dropping inside the town."

Deliberate Murder.

New Castle, Pa., Jan. 8.—Jealousy was the cause of a deliberate and cold-blooded murder here, but the authorities were not notified until morning. Raphael Ambrosia and Peter Varava, quartermen, were in love with the same girl, Gracie Veltra. Ambrosia, with two male friends, started out to visit at a neighboring house. Varavade lay in ambush for his rival, and when the latter came abreast of him, Varavade drew a razor across Ambrosia's face. He had evidently missed his throat, for that was what he was aiming for, but he cut a gash that extended from the forehead to the chin, laying bare the teeth and, in fact, opening the entire side of the face. Ambrosia uttered a shriek and the next instant Varavade drew his revolver and holding it close to the side of his victim, fired.

WEATHER FORECAST FOR KENTUCKY.—Fair to-day and Tuesday; variable winds.

The wages of 15,000 New England mill hands have been raised 10 per cent. Their expenses, in common with those of the rest of the American people, have been shoved up by Mr. McKinley's trusts 20 to 30 per cent. These latter figures are from Republican journals. Will these Republican editors please figure out where the mill hands gain anything by the boasted prosperity of the country?

That "mob" up at Newport News were quite thorough in their work. A white gambler who had been loafing about the city called at the home of a ship carpenter and begged something to eat. He was given food, and then, in the absence of the husband, returned on pretense of thanking his benefactress but overpowered her and she fell a victim to his brutal lust. He was arrested while trying to escape from the city, and in the quiet hours of the night his victim's neighbors forced an entrance to the jail, took him out, tied him to a tree and riddled him with bullets. Another warning to lustful brutes, white and black.

THE MONEY TRUST.

The latest monster in Wall street is the money trust, says the New York Journal. It has just gobbled up the Globe National Bank of Boston which failed with creditors to the amount of \$10,000,000.

The money trust is the creation of John D. Rockefeller, the brains of another trust—the Standard Oil—of J. Pierpont Morgan and of the innumerable tribe of capitalists that are attached to them.

The money trust has a valuable friend in the person of Lyman J. Gage, Secretary of the United States Treasury.

This gentleman, who has been closely associated for a great many years with other members of the money trust, a few weeks ago provided about \$12,000,000, belonging to the United States, for the money trust, with which it accomplished the grabbing game it had in view.

A GOOD SUGGESTION.

An exchange suggests an effect plan to wipe out the trusts. Here it is:

Some years ago, when fevers were raging on the Mississippi, the Nile and the Ganges, and when the price of quinine was rising by leaps and bounds, a humane Representative in Congress (Mr. McKenzie, of Kentucky), moved that the duty on quinine be repealed. The resolution was passed, under a suspension of the rules, by a Republican House, and was sent to the Senate, where it was promptly adopted. Thus the murderous tax on quinine ceased to exist.

By a similar method the present Congress could effectually deal with one of the most obnoxious and oppressive of the trusts, as thus:

"Whereas, the price on tinplate has advanced from \$2 25 to \$5 25 a box within a year, under the manipulation of a trust and under cover of an exorbitant tariff; therefore

Resolved, That the duty on tinplate be hereby repealed."

There are many other tariff sheltered combinations in trade with which the representatives of the people are familiar that could be made harmless by the same drastic legislative process. But tinplate is so common an article of use and necessity that it is incredible that a majority in Congress would resist an effort to repeal such a grievous tax upon the farmers and workmen of the country.

STILL CRYING FOR HELP.

Although Mr. McKinley's Secretary of the Treasury has gone to the "relief" of the money market several times in the past two months, the trouble is not yet over, although the gold bugs are having full sway. Listen to this from New York:

It is the unanimous opinion here, as far as can be learned, that unless Congress takes some action that will relieve the Treasury department of the responsibility and remove the danger of financial stringency next summer, the Administration will find itself compelled to accept one of two alternatives. Either the Secretary of the Treasury will be compelled to buy Government bonds at the market price, or else the Administration must face the peril of entering a political campaign in which its own existence is at stake, at the very moment when, owing to our financial system, there will be a severe money-stringency, entailing perhaps much more dangerous results than the brief panic of two weeks ago, while at the same time there is a congestion of money in the Treasury department. Although the Secretary of the Treasury is quoted as having said that he would not buy bonds because the offer to do so would cause an appreciation in price, nevertheless he may find himself compelled to do that. The responsibility, however, will not be upon him. It will remain with a Congress in full sympathy with the Administration, which is now fairly warned of what is likely to happen next summer. Every financier of ability in the United States sees this danger, and it is the subject of more comment in this city than any other question that is related directly or indirectly with our methods or our currency system.

THE TOBACCO TRUST.

Indications That the Continental Company Will Call in Its Country Buyers, and Go on the Breaks.

[Enquirer]

Indications all point to the discontinuance of buying in the country by the Continental Tobacco Company. This will be good news to warehousemen and growers alike, and if the developments of the future bear out the indications it will remove an element of uncertainty that has long hung over the market. It is a fact that the company has ordered its buyers in the country to discontinue buying, but whether this means a withdrawal of the buyers or not cannot be learned. The statement was freely circulated some time ago, however, that the country buying of the company would be limited to the amount that was recently purchased by Liggett & Meyers; in other words, that the hold on the growers had by the buyers of that company would be utilized to the same extent as formerly, but that the amount of tobacco purchased in the country would be limited to this. It is estimated that the tobacco already bought in the country is about equal in quantity to that bought heretofore by Liggett & Meyers, and this leads leaf tobacco warehousemen to believe that the extent of country buying for the year has been reached. There are other things that point the same way. For example, it is stated that the big warehouse that was to have been built at Ripley to hold the Brown County tobacco that would be bought will not be built. Ground has been purchased and the lumber all delivered for the warehouse and it would be a matter of surprise if the structure should not be built. It would be the surest indication that the trust had determined not to buy in the country. It has been demonstrated that the best results can be obtained from buying on the breaks, and trials made by the Continental Tobacco Company are known to have shown this. The maintenance of buyers in the country, the expense of warehouses, the centralization and assorting of the tobacco bought, all make the cost of buying in the country greater than buying on the breaks, to say nothing of the additional advantage of having all grades to choose from on the breaks. On the other hand, the prices realized by the farmer on the breaks are better and more even than on tobacco sold to buyers in the country. As a result of all circumstances together, it looks very much as if the common good of both the big tobacco company and the warehouses would cause the company to rely on the warehouses for practically all their leaf tobacco as heretofore.

How You Use Patent Nostrums That Are Distributed About the City—A Lady's Narrow Escape.

A year or so ago on the suggestion of the BULLETIN, Council passed an ordinance to put a stop to the promiscuous distribution of samples of patent medicines from house to house, and requiring such stuff to be left in the hands of a person of mature years. That it was a good move on the part of Council everybody admits who knows the dangerous character of some of these drugs. The Portsmouth Blade calls for some legislation of the same kind at that place. It says:

"There has been talk of stringent legislation against the 'rampling' of new medical preparations from house to house and something of the kind should be done. Many of these preparations contain drugs that should only be taken under direction of a physician, yet the preparations containing them are scattered broadcast over the city.

"One of our best known ladies, Mrs. David Stahler, came very near crossing the Dark River by the aid of one of these samples. A few days ago samples of a powder for the headache were scattered over town. Some were left at the Stahler residence and were laid away by Mrs. Stahler. She had the headache very badly Tuesday afternoon. Some friends came in and asked her to go down town with them. She concluded to try a headache powder and took one. In a few moments she was attacked with all the symptoms of heart failure and fainted away. A messenger was dispatched at once for Dr. A. R. Moore, who arrived post haste. By prompt and skillful treatment he succeeded in saving the life of Mrs. Stahler, but it was a close call. She is very weak yet to-day. The powder contained a heavy dose of one of the coal tar preparations and its actions at the heart came very near being fatal.

"There have been several cases of this kind and some means should be taken to put a stop to this indiscriminate throwing about of samples of these preparations."

The interior of the home was brilliantly illuminated and very lovely in its holiday attire of holly and hemlock. Seventeen games of progressive euchre were played between the hours of 8 and 11:30, when a delicious hot lunch was served at the card tables."

A HOME IN SORROW

Over the Loss of the Young Wife and Mother.
Death Saturday Evening of Mrs.
Arthur Payne.

Mrs. Lizzie Payne, wife of Mr. Arthur Payne, died Saturday evening about 6 o'clock at the home of the family on East Fifth street, after an illness of two weeks. Mrs. Payne was a daughter of Mr. and Mrs. John Crane, and was twenty-one years of age. The husband survives and she leaves a babe two weeks old. A large circle of friends sincerely sympathize with the bereaved ones.

The funeral takes place this afternoon at 1 o'clock at the residence, Rev. F. W. Harrop officiating. Burial in the Maysville cemetery.

A big crowd is expected at the approaching tobacco fair and farmers to be sure of a seat in the opera house should send in samples of tobacco, or a sample of corn, and try for some of the prizes. Samples will be received any time next week, from Monday up to 10 a. m. on Saturday Jan. 20th.

IMPORTANT RULING.

Physicians Must Have Government License for Prescribing Liquor for Their Patients.

WASHINGTON, Jan. 4.—Physicians who prescribe and sell brandy, wine, ale or other intoxicants to their patients, must take out a Government liquor dealer's license.

THE grand jury at Frankfort returned an indictment Saturday against Sam H. Cash, of Clay County, for betrayal. He is charged with betraying Miss Kate Woods, daughter of Hon. David Woods, who represented Clay County in the Legislature in 1898, and boarded at the home of Cash's relatives. Cash was a Republican Elector for the State at large in the last Presidential campaign.

THE report sent out by the Associated Press from Richmond, Ky., of the death of Dr. John G. Fee, founder of Berea College, is untrue. Dr. Fee has written that he is walking about his house, and hopes to have other days spared to him in which he shall live for the glory of God, his only object. Dr. Fee says he has been in fair health for months past, and from an illness of six days he is recovering.

THE Vanderbilt and the Pennsylvania people have recently bought a big interest in the Chesapeake and Ohio road. It comes from a reliable source that the Pennsylvania has purchased 100,000 shares of C. and O. stock. The Vanderbilts have also invested largely in C. and O. stock of late. Whether these two interests now own the controlling interest in Chesapeake and Ohio is not known positively, but in all probability they do, says the Enquirer. They at least own enough of the stock to dictate the policy of the road.

BLOCKS THEIR GAME.

Rule Adopted To Prevent Republicans from Delaying Gubernatorial Contest. Other News from Frankfort.

The Senate was the only branch of the Legislature in session Saturday. By a vote of twenty to fourteen it adopted a rule which will block any attempt of the Republicans to prevent a joint session for considering the contests for Governor and Lieutenant Governor.

The rule makes Speaker Trimble, of the House, Chairman of the joint session, instead of Lieut. Governor Marshall. Otherwise the old rules were adopted without change.

The new rule will be voted upon in the House to-day. It provides also that a joint resolution is not necessary to call a joint session, but that one may be called by Speaker Trimble.

It is given out that the purpose of the rule is simply to prevent the Republicans from delaying, by filibustering, the hearing of the important contests for Governor and Lieutenant Governor. It was explained that no discourtesy was intended to President Marshall by making the Speaker of the House the presiding officer, but it was done because both President Marshall and President pro tem Goebel have a personal interest in the results, and therefore it would not be proper for either to preside.

John H. Whallen and Charles H. Ryan were charged with contempt of the General Assembly, in information filed with the Senate Saturday by Senators Crenshaw and Thomas, charging an attempt to bribe Senator Harrell. A resolution was adopted by the Senate providing for a joint committee of the two houses to investigate and report upon the charges, the committee being charged also to ascertain whether Senator Harrell or any other Senator ever agreed to accept a bribe. The resolution was adopted by a unanimous vote in the Senate.

Judge Cantrill Saturday granted the prayer of Election Commissioners Poyntz and Fulton for an injunction against the two appointees of Gov. Taylor—Messrs. Mackoy and Cochran—to prevent them from interfering with the trial of contests. After granting the injunction, Judge Cantrill, upon his own motion, dissolved it, in order to permit an appeal, as a decision upon the whole matter is desired from the Court of Appeals before the election contests are entered into.

Actor's Tragic Death.

Cleveland, Jan. 8.—Hans Ravane, a well known German actor, was instantly killed by falling from a stairway at his boarding house. His neck was broken. Ravane was formerly a lieutenant in the German army. He came to this country in 1877. Eight years ago he became the editor of the Burlington (Ia.) Tribune. Subsequently he went on the stage.

Nicaragua Commission Sails.

New York, Jan. 8.—The commission, headed by Rear Admiral Walker, retired, sailed on the Atlas line steamer Allene for Nicaragua to investigate and report on the canal possibilities. Work already done will be examined. The specific object will be to recommend a route for a canal across the isthmus. The trip across Nicaragua will occupy about six weeks.

Several Persons Injured.

Mt. Clemens, Mich., Jan. 8.—Car No. 17 of the Rapid railway, Detroit & Mt. Clemens line, ran into an open switch at a gravel pit four miles south of this city. Several persons were badly injured. Among them are Mrs. Carrie Riley of Detroit, badly hurt; Mrs. Ed Shabman, broken arm and dislocated shoulder; Frank Newey, broken arm and dislocated shoulder. Several others were more or less injured.

More Indictments.

Lansing, Mich., Jan. 8.—Two more indictments were announced by the grand jury. The names, as usual, are suppressed until after arraignment of the defendants. Colonel Eli R. Sutton of Detroit, a member of Governor Pinckney's military staff and a close confidant of the governor in his political, municipal ownership and other campaigns, believes himself to be one of the men indicted.

Filed in Bourbon County.

Paris, Ky., Jan. 8.—The \$5,000,000 mortgage of Kentucky Distilleries and Warehouse company that has already been recorded at Louisville, Lexington, Covington and elsewhere in Kentucky was filed in Bourbon county. It must be filed in 20 counties of this state in order to cover all the properties of the trust.

Got the Correct Time.

Jake Foster was for many years one of the characters of Oregon, Mo. He drove the hack between Oregon and Forest City and was known to every man, woman and child in Holt county. Oregon is three miles from the railroad and for many years was not connected with any other town by either telegraph or telephone. One morning Robert Montgomery hailed Foster as the hack started for Forest City and said: "Jake, I wish you would get the correct time at Forest. My watch stopped last night."

"All right, Bob," said Jake. When Jake returned from Forest, he put up his team and walked around to the bank where Montgomery presided. Stalking into the bank, Jake stepped up to the window and laid down a soiled bill of paper bearing the figures "11:17."

"What is that?" asked Montgomery in astonishment.

"That," replied Jake, "is the correct time at Forest."—Omaha World-Herald.

Lungs and Long Life.

One of the most remarkable cases of longevity on record was that of an Englishman, born in 1483, whose delicate appearance made all the doctors give him up when he was in the cradle. His chest was so narrow, says the report, that he seemed to have difficulty in breathing. Well, this young moribund, condemned by the doctors to die in short order, died in 1651 at the age of 169. He saw the reign of ten kings.

Secundi Hango, consul of Venice at Smyrna, measured only 57 centimeters around the chest, and one of his lungs was diseased. Nevertheless he lived to the age of 115 years. He was married five times and had 49 children. When he was 100 years old, he got his wisdom teeth. When he was 110, his hair turned black again. At 112 his eyebrows and his beard turned black.

Surgeon General Named.

Lancaster, Pa., Jan. 8.—General Willis J. Hulings, commander-in-chief of the National Association of Spanish-American War Veterans, announced the appointment of Lieutenant Colonel Victor C. Vaughn of the University of Michigan as surgeon general of the association. Colonel Vaughn served with the Thirty-third Michigan volunteers.

A Satisfactory Audience.

Washington, Jan. 8.—Secretary Hay has received a cablegram from Ambassador Choate at London stating that he had an eminently satisfactory interview with Lord Salisbury relative to the seizures of American goods by British warships.

CINCINNATI TOBACCO MARKET.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

"The first week in the new year brought a slight advance in the price of both old and new tobacco, not very pronounced in the better grades, but noticeable particularly on goods selling at and under 10c. The lowest grades in the new crop are bringing between 4c. and 5c., and considering how very common they are, these prices seem high for green tobacco.

"All the buyers were on hand and were liberal bidders, but the offerings were light. The cold weather has checked prizing and shipping, and the accumulations of new stock in the warehouses are not sufficient to supply the demand. We may look, therefore, for good, quick bidding.

"Old tobacco does not show as much strength as might have been expected in view of the light stock.

"For this time of the year an unusually large part of the new crop has been sold, that is, it has changed hands from the producer to the country dealer and to the manufacturer, but perhaps not as much has been bought by the manufacturers as in former years.

"We look for liberal offerings this week."

CLOSED ITS DOORS.

Jersey Bank Forced to Suspend Owing to Depositors' Demand.

New York, Jan. 8.—The Union County bank of Rahway, N. J., has suspended. The following notice was placed on the front door of the bank building: "The Union County bank has been compelled to suspend, owing to the unusual demand made upon it by depositors. So far as the official examination has progressed, there does not seem to be any sufficient reason to doubt that depositors will be paid in full as soon as the bank can realize on its investments."

Argument of Roberts.

Washington, Jan. 8.—When the Roberts committee resumed its session Mr. Roberts went on with his argument begun Friday. He reviewed the action of the constitutional convention of Utah, urging that this carried out the requirement of congress for the admission of Utah as a state, namely, that polygamous marriages should no longer be contracted. In particular, Mr. Roberts contended there was no requirement by congress, or in the constitutional convention, that previously contracted matrimonial associations could be interrupted. At 12:30 the arguments on both sides were closed and the committee went into executive session. It was decided to close the hearings and testimony, unless ex-Secretary Carlisle desired to be heard further. The committee then adjourned until Wednesday.

Asks Heavy Damages.

Chicago, Jan. 8.—Miss Etta Thomas, a niece of General Joe Wheeler, began suit in the superior court against William Fahney, a society man, asking \$100,000 damages for alleged breach of promise to marry. The petition alleges that Fahney has been engaged to Miss Thomas for over four years, but recently broke the engagement on the grounds that his parents desired him to marry another woman.

Lily White Republicans.

New Orleans, Jan. 8.—At a conference of the leaders of the Republican party (sugar planters' branch), it was resolved to put out a straight Lily White Republican ticket. If the sentiment expressed can be depended upon, Thomas J. Woodward of this city will be nominated for governor. The Lily White state central committee met later for the purpose of calling a state convention.

Bryan Will Open the Campaign.

Omaha, Neb., Jan. 8.—The annual banquet of the Jacksonian club will be a function of more than usual importance, for, in addition to a list of speakers of national reputation, William J. Bryan will take advantage of the opportunity to open his campaign for the presidential nomination.
